Week: December 9 - 13, 2019

Now that we are reindeer experts, this week we will use our knowledge of this animal to help us better understand text features. Throughout the week, your child will be creating his/her own reindeer text feature book. We will be working on this during class time and your child will receive a grade on the book at the end of the week. In math, we are continuing on in chapter 4. We are getting into expanded form and measurements next!
