Week: February 10 - 13, 2020

This week, we will be reading a Valentines story to get us in the mood for our upcoming holiday. On Thursday, a written assessment will be given over the story. In math, we will continue on in chapter 6. We are getting into the "new, second grade stuff" which is tricky. It will look a little different than the way you (and I) learned it. Be patient, it will help the students grasp the concept before trying it "our way".
